

PHOTO TRIVIA ANSWER
from the Spring, 2024 Issue

Here is a photo of a Modified champion who has many feature wins. Most folks would know him from Wall Stadium. Here we see a car with "not a legal number on the side of the car", at least at Wall Stadium. If you had to number this car the same as his most famous number, what would that number be? Hint: it's a double digit number. That number will lead you to the driver's name. Who is it?

This driver is Gil Hearne.
